Assembly Instructions - Page 2

Remove contents of carton. Remove plastic wrap from product and discard.
Remove Twist ties from product to separate into the following parts

[2 each]
Sides

[4 each]
Shelves

[4 each]
Castors

STEP 1.

Take the two sides and insert two castors into each sides legs.

PLEASE NOTE: You will need to use firm pressure to the castor when inserting castors into bottom of legs. Make sure the castors are in all the way before continuing on.

See FIG 1.

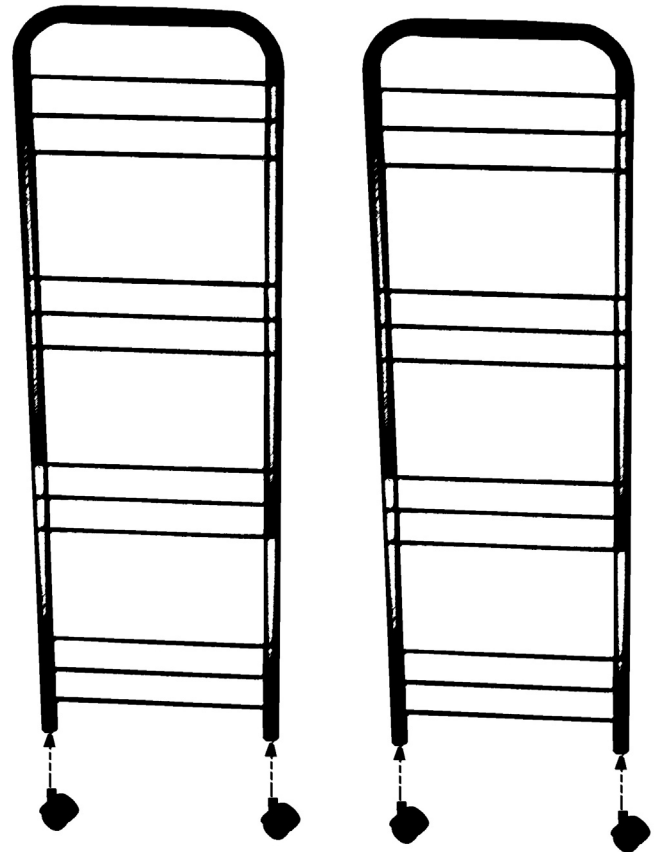

FIG 1.

STEP 2.

Placing the [4] shelves into position.

NOTE: This step is best assembled with the help of another person.

Have one person hold onto both sides of the Mobile Taboret while the other person places the shelves into position.

Each shelf has two lower "L" Hooks that must fit over the bottom (3rd) wire row, while the [2] top wire ends need to be positioned on the top (1st) wire row. See illustration 1 and FIG 2.

These shelves snap easily into place.

REPEAT with all 3 remaining shelves.
